PROFILE

Full Stack Developer with over 2 years of experience delivering scalable web applications
Committed to writing clean, scalable and maintainable code that drives real business impact

PROFESSIONAL EXPERIENCE - Full Stack Software Engineer- Kaleidoo (AIQ)

2024 — 2026

- Architected & Developed a Server-Sent Events (SSE) microservice to stream real-time generative AI responses (in token batches) for an interactive chat
- Architected and developed an AI-powered Metadata Microservice that generates tags, descriptions, and person-identification metadata using Florence models, facial recognition, and a Milvus-backed RAG pipeline. Improved content discoverability, search relevance, and media organization across the platform
- Developed real-time multilingual call translation system using WebSocket, Socket.IO, and RabbitMQ, with React UI for language selection and live translation delivery
- Worked with Temporal.io workflows: implemented distributed process flows, debugged live workflows, and monitored execution across microservices
- Designed and implemented cursor-based pagination integrated with hybrid storage (MinIO/GCS) for file management stored across multi-tenant buckets
- Worked in a 6-member Agile team (4-week sprints), contributing to microservices development, daily stand-ups, sprint planning, retrospectives, and code reviews
- Containerized and deployed services using Docker and Kubernetes, integrated into automated CI/CD pipelines for consistent multi-environment delivery

EDUCATION

Jan 2024 — Jun 2024

Internship – Data and AI Developer (**1100 hours**), Analiza
Developed an E-commerce recommendation system using Kafka and Kubernetes

June 2022 — Sep 2022

Haifa University – Android Full Stack Development - MealPlan App (**320 hour**)

Oct 2015 — Mar 2020

B.SC in Software Engineering, Braude College Of Engineering

SKILLS

Python TS JS Java SQL React RAG Milvus Linux
PostgreSQL MongoDB Redis MinIO Kafka RabbitMQ
Kubernetes AWS GCP Docker Git SSO Microservices

MILITARY SERVICE

2020 — 2021

Air Force Ofek 324 - IT Backup & Storage
